Dear Ms. Bianchin:

Re: Request for Extension  
Upper Aquifer Technical Memo  
ACS Superfund Site - Griffith, Indiana

This letter is a request for an extension until May 7, 1996 for our revised submission of the Upper Aquifer Technical Memo to USEPA comments on the Upper Aquifer Technical Memo. As you know, a meeting to discuss USEPA's comments could not be scheduled until April 23, 1996 in order to meet the schedule of USEPA and IDEM hydrogeologists.

Your disapproval (received by fax on April 10, 1996 and by certified mail on April 15, 1996) requires a resubmission within 21 days. The extension is necessary to adequately incorporate our meeting discussions into the response.

Should you have any questions, please call.

Sincerely,

CONESTOGA-ROVERS & ASSOCIATES
